Subject: Are you ready to change a child's 2016?**This young lady is Paola.**

Paola is all of 13 years old. She lives in Arkansas and travels across state lines an average of 2 times per week for her cancer treatment. She lost her eye sight due to one type of cancer, and has now lost one leg due to another type of cancer. Her parents do not speak fluent English, and Paola often has to translate.

But when we called Paola and told her we could help her with art therapy, you could hear the joy in her voice.

Her social worker told us that for several months, all Paola wanted to do was *create*, but they couldn't figure out how to make that happen for her.

YOU made that happen.

Now, she gets visits from a ceramicist, and together they have sculpted, fired, and painted utensils, dishware, and even Christmas ornaments!

Thanks to all of our amazing supporters, we are able to continue to support some children with cancer outside of New England who have relapsed or transitioned to hospice-- those kids with the most pressing need for our help.

This funding is not guaranteed, and definitely will not meet the need to help each child that comes to us looking for funding the moment they need it.

But you make it possible for us to help those who need us most.

Lucy's Love Bus is the only non-profit that provides integrative therapies to children with cancer-- completely free of cost to the families.

You allow us to be special. And that's why we need you.

So we can continue to help everyone who needs us, when and where and as long as they need us.

Will you make a year-end gift to Lucy's Love Bus, or sign up to become a monthly donor?
